1 outstanding serious deficiencies in educational technology
2 infrastructure.

3 B. A school district shall use the standards to
4 complete a self-assessment of the outstanding educational
5 technology deficiencies within the school district and provide
6 cost projections to correct the outstanding deficiencies.

7 C. The bureau shall develop a methodology for
8 prioritizing projects that will correct the deficiencies.

9 D. After a public hearing and to the extent that
10 money is available in the educational technology deficiency
11 correction fund, the bureau shall approve allocations from the
12 fund on the established priority basis and, working with the
13 school district and pursuant to the Procurement Code, enter
14 into contracts to correct the deficiencies.

15 E. No allocation shall be made pursuant to this
16 section unless:

17 (1) the method for prioritizing projects
18 developed by the bureau has been reviewed and approved by the
19 council;

20 (2) the school district has agreed to consult
21 and coordinate with the public school facilities authority
22 before installing any educational technology infrastructure;

23 (3) the council has approved the proposed
24 allocation; and

25 (4) for the 2009 and subsequent fiscal years,

1 the initial assessment required in the Technology for Education
2 Act has been verified by an independent third party as
3 determined in consultation with the public school capital
4 outlay council.

5 [E-] F. In entering into contracts to correct
6 deficiencies pursuant to this section, the bureau shall include
7 such terms and conditions as necessary to ensure that the state
8 money is expended in the most prudent manner possible
9 consistent with the original purpose."
